ENVIRONMENTAL INDUSTRY ASSOCIATION

Nedland's Self-Contained Compactors fit easily into limited areas with no leakage from wet waste – Motels, Fast Food Chains, Schools, Department Stores, Clinics, Nursing Homes and many other areas where limited space is a concern.

Nedland Self-Contained Compactors are manufactured in sizes from 9 Cu Yds to 40 Cu yards and lengths from 13' to 26' and are backed by Nedland's more than 60 years of service, design and manufacturing experience. Nedland Self-Contained Compactors are built from prime high quality steel plate and structural steel channel and tubing. All hydraulic and electrical components are brand name and of the highest quality with all moving parts having grease fittings. These compactors are built to provide durability, reliability with many years of maintenance free service.
