

# Vertical Balers

## X-series

# Baler X25 HD

### Optimized for locations with space restrictions

Fits in tight spaces with low ceilings. Very low height due to the cylinders being placed inside the machine.

### Very heavy bale weight

The long stroke and exceptional press force allow the X25 HD to produce heavy bales.

### Highlights

- Handles diverse types of materials
- High volume chamber
- Retainer dogs prevent material from expanding
- Efficient and fast cycle time
- No openings or moving parts on outside of machine
- Low overall height
- Powder Coating provides durable finish in many colors

### Optional Extras

Order your baler in a costum colour. Certain parts like top cover remain our standard grey.

Galvanized surface makes your baler environmentally resistant.

Gain remote control of your baler with our intelligent fleet monitoring system, BRA-IN.
